Dear Dudley Council,

Please see the objection below from Doreen Corns regarding Site ref: 200 (The Straits/Majors Fold, Lower Gornal)

It will be highly appreciated if this can be acknowledged and the objection can be registered.

I can confirm that consent has been provided. I have sent letters out to all these residents, who have responded asking me email planning to register their objection for the purpose of publication and representation.

Kind regards,

Marco Longhi MP

Timezone: Europe/London

Message (submitted): Objections for new plans at Major's fold (following your recent letter posted to local residents): Building on this green belt land would have an impact on the wildlife there, quality health of residents, biodiversity and air quality for both residents and wildlife. Local schools are already oversubscribed and are struggling to educate the children in the area already. Why put further pressures on this system. Extra load will be placed on doctor's surgeries, local hospitals and dental services. The doctor's surgery in the village is already at full capacity after closing the surgery on The Straits. This will affect other services such as waste disposal, extra strain on the emergency services such as the police, ambulances and fire brigades. Transport is already poor in the area with bus services being cut regularly. An additional strain will be places on these services with increased congestion on narrow lanes that aren't suited to increased congestion. This added congestion would increase noise and extra fumes, causing more damage to the environment. The infrastructure links are poor to surrounding areas. Parking and street access are already limited in Gornal Village. Narrow streets are already full with parked cars trying to access this small village. Dudley does not have a predicted need for additional houses and brownfield sites that are already available should take preference as this is already a waste of land that could be put to good use. Kind regards Mrs Corns
