Message (submitted): Hi Marco I'm increasingly concerned about the increase of housing being considered in Gornal, and strongly object to the proposed development off Holloway St West (site ref 408). The number of houses approved on the developments in Stallings Lane is astonishing but there's nothing that can be done now they're under construction! Further development in the area needs to cease for the following reasons; - no proposed additional schools, hospitals or doctor's surgeries to cope with the number of people moving into the area - the roads are inadequate to cope with the additional traffic these new properties will bring. Holloway St is already a race track - we need green spaces for children to play and to walk our dogs. This area is well used for recreation and this needs to continue for the health and well being of the people already living there.
