I wish to lodge my support for the retention of the Corbett Meadow as a greenfield site. The Corbett Meadow is a facility which benefits the local population as a valuable green space in all its aspects against it being covered in bricks, mortar and tarmac. John Corbett knew this and is why he donated it to the people of Stourbridge to enjoy and why it should stay green. It is a valuable wildlife area which should be left to benefit the people of Stourbridge helping to provide fresh air in an otherwise built up area. I know houses are needed but these should be built on brown field sites.

Regards
