to whom it may concern

As a local resident of Stourbridge I wish to voice my concern regarding the threat to Corbett Meadow by developers.

We should protect one of the last remaining green spaces for the good of the community to which this land was bequeathed. This area offers important habitat for wildlife and is integral to the green corridor which forms Coalbourne Brook Valley.

The meadow should be nurtured and allow more opportunity to open up further managed public access. The current rate of building locally, particularly along Wharf Road, increases the need to offer increased access for the benefits associated with health and wellbeing.

Yours sincerely

Mr & Mrs D. Homer
