Dear Sir/Madam

In respect of your local plan Consultation please find our comments as attached. NB our second comment is supportive of the policy but there is an issue with the form in that it when you select the criteria on one of the section C forms it selects on all of them.

Aside from the general need to provide identified sites for healthcare (which we think is important and not, in so far as we can see, accounted for in the local plan as drafted) the provisions around capturing developer contributions for NHS projects is very welcome and looks to be well articulated particularly when ultimately supported by an SPD.

Best wishes

Mike
