I Thomas Bunn of [REDACTED] Strongly urge support to protect the very last historical green belt of the meadow in perpetuity.

We must protect and urge the planers and particularly Dudley Group of Hospital to utilise the area as a community prescription initiative and work in a joint effort to benefit the health and well-being of the local community.

We must conserve the habitat and its identity of this important green corridor for future generations.

It was the intended legacy of John Corbett .

We desire to work with all steak holders for this gem to provide managed public access for future health benefits and educational purposes .

Do see By viewing. " friendsofcorbettmeadow.com "

For all our well-being let's save this asset from further threats and damaging futures.

Thomas Bunn
