Dear Planners,

The Corbett Meadow has great historical significance, not least because it was gifted to the people of Stourbridge for their benefit. Today, green spaces are becoming ever more important and this one benefits not only the hospital but all the surrounding residential areas. To build on it will prove to be short term thinking and will lower the quality of life of all those affected.

The Council's policy must be to build on every last bit of old industrial land and keep the green spaces green to uphold the quality of living in the Borough.
