18TH DECEMBER 2023

To Whom It May Concern

I strongly wish to support the Proposed SINC, AHHLV and LGS Designation to protect the Corbett Meadow site, being the last remaining Green site in Ambleside, to help to conserve the Wild life and Habitat remaining associated with the Colbourne Brook Valley.

Also to protect the Legacy left by John Corbett to the people of Skourbridge.

This would hopefully also provide access to the Meadow which would benefit Education, Mental Health and General Well Being together with managed Public Access.

PLEASE SAVE OUR MEADOW
